Objective

Motivated BCA student skilled in **Python, C**++, data structures, cloud computing (Azure), and web development (HTML, CSS), seeking an internship to apply software development, OOP, and **problem-solving** skills while applying strong **decision-making** and **critical thinking** abilities in real-world scenarios.

Education

BCA (Bachelor of Computer Applications)

DRBCCC Hindu College, University of Madras, Chennai, Tamil Nadu

Expected Graduation: **2026**

Current CGPA: **8.17**

Relevant Coursework: Data Structures, Object-Oriented Programming, Cloud Computing, Programming in Python & C++

Skills

Programming Languages: Python, C++

Key Concepts: Object-Oriented Programming (OOP), **Data Structures**, Algorithms

Data Structures: Stacks, Queues, Linked Lists, Trees, Graphs (in C++)

Web Technologies: HTML, CSS,

Certifications

Basics of Python | Infosys Springboard

CSS | Spoken Tutorial | Web Development

Nail Your C++ Interview **(OOP in C++)** | LinkedIn Learning | C++ Programming

Microsoft Azure Fundamentals (**Cloud Computing**) | LinkedIn Learning | Cloud Technologies

Basic Communication in English | Naan Mudhalvan | English Communication
